

COVID-19 Announcement

To our valued customers,

We are currently open for our regular hours, per the Pennsylvania governor's office listing of essential services and sectors.

The health and safety of our customers, employees, and community is our top priority. We have been following the growing concern and uncertainty surrounding COVID-19 and our hearts go out to all who've been impacted.

In addition to the steps we've taken internally, we're asking vendors and others to please refrain from visiting our facilities. We're also directing our sales reps to minimize customer visits, unless absolutely necessary. And we're encouraging delivery personnel to go straight to our receiving docks.
