Manual Fold Booms

Standard Features

- Heavy-duty powder coated frame
- Boom breakaway system
- Engineered to smoothly fold open or closed

30’ Boomless Nozzles
- Applications where a boom is not practical or accuracy is less critical

12’ Manual X-fold Boom
- Ideal for turf or spraying
- Covers 160”

20’ Manual X-fold Boom
- Covers eight (8) 30” rows

30’ Manual X-fold Boom
- Covers twelve (12) 30” rows

Optional boom suspension system (30’ boom) helps booms ride smoother, increases application accuracy, and reduces stress on booms.

Boom spot light requires safety light package.

Safety lights on 30’ hydraulic boom optional on 30’ and 40’ hydraulic booms.
