UTX Utility Trailer Sprayers

CropCare®

Built for Performance and Durability

UTX utility trailer sprayers are premium, commercial-grade sprayers designed for a wide range of applications, including lawn and landscape, wildlife food plots, and agricultural crops. With 13 inches of ground clearance and an adjustable hitch, the UTX sprayer is ideal for use with all-terrain utility vehicles and sub-compact tractors. Its powder-coated steel frame ensures long-lasting durability and maintains a professional appearance in even the toughest conditions.

Customizable Configurations to Suit Your Needs

Tank Capacities

- **Available in Three Sizes:** 110, 150, or 200 gallons

Axles

- **Single Axle:** Turf tires available in 23” diameter (for 110/150-gallon capacities only) or 29” diameter.
- **Tandem Axle:** 23” diameter tires on pivoting axle beams ensure a smooth, stable ride on rough or uneven terrain.

Pumps

- **Gasoline Engine Driven Pumps:** Centrifugal or diaphragm pumps produce a wide range of flow and pressures for many applications.
- **PTO Driven Roller Pumps:** Using your tractor’s PTO shaft to power the pump provides the most economical performance.

Controls

- **Manual or Electric:** Hand operated manual valves or in-cab electric controls provide convenient operation for all applications.

Booms

- **Manual Folding Booms:** Available in widths of 13, 20, or 30 feet.
- **Hydraulic Folding 20’ Boom:** Provides convenient folding and leveling of the sprayer boom without leaving the cab.
- **Boomless Spraying:** TeeJet XP BoomJet nozzles provide up to 30 feet of coverage for applications that are unsuitable for a conventional sprayer boom.

Hose Reels

- **High Quality Cox Brand Hose Reels:** Mounted to the rear of the sprayer in place of the sprayer boom, the 75, 200, or 300 foot reels feature high pressure PVC spray hose and several spray gun options.
